Medical Transcription and Coding News

The medical profession is a constantly changing field, and you must keep up with it in order to stay on top of your game. That is why our program partner has upgraded our Medical Coding Program so that each student can learn the newest, up-to-date technology for the coding profession. Our Medical Transcription Program is currently in the works for upgrading as well and should be completed by mid-April.

We would like to congratulate **Amber S.** for completing the Medical Transcription Program!

We would like to welcome **Mary B., Amanda B., Vicki G., Lindsey C., Tara H., and Wendy W.** to the Medical Transcription Program; and **Brittany B.** to the Medical Coding Program.
